

PowerPack CC1800

Portable Rechargeable Battery for Smartphones

LIVE MOBILE: STAY CHARGED

Slim, slender, and packing a power punch – the PowerPack CC1800 rechargeable battery extends the life of your smartphone. The innovative design reminiscent of a credit card offers users a convenient, compact solution in portable charging. The CC1800 comes with two cables for charging devices and the PowerPack. The micro to micro-USB cable plugs in to the micro-USB port on your devices, keeping them charged, while the full size USB to micro-USB cable lets you easily recharge the PowerPack. iPhone users have the benefit of using their existing Apple charging cable with the included micro-USB adapter for connection to the PowerPack.

The CC1800 also features LED indicators, which use LED lights to display the PowerPack's battery level status, telling you when it's time to recharge. It comes equipped with a micro-USB port, enabling you to charge a wide variety of micro-USB powered devices. With a max charging speed of 1 Amp, you can charge virtually any smartphone at lightning fast speeds. The 1800mAh battery capacity provides up to 1 full smartphone charge! Stay charged and stay in touch.

BENEFITS
