

PowerPack L8000

Portable Rechargeable Battery for Smartphones & Tablets

LIVE MOBILE: STAY CHARGED

Sleek, slender, and packing a power punch – the PowerPack L8000 rechargeable battery extends the life of your smartphone or tablet. The sophisticated design with leather-like feel offers users a premium look, and turns a functional portable battery charger into a fashionable accessory. The included micro-USB cable plugs in to the micro-USB port on your devices, keeping them charged, and also lets you easily recharge the PowerPack. iPhone users have the benefit of using their existing Apple charging cable for connection to the PowerPack.

The L8000 also features LED indicators, which use LED lights to display the PowerPack’s battery level status, telling you when it’s time to recharge. It comes equipped with 2 universal USB ports, enabling you to charge 2 devices at once. With a max charging speed of 2.4 Amp, you can charge virtually any smartphone or tablet at lightning fast speeds. The 8000mAh battery capacity provides up to 5 smartphone charges, and up to 1.5 tablet charges*! Stay charged and stay in touch.
